

## PO & CO

### OBSTETRICS AND GYNAECOLOGY

CO	PO 1 Clinician	PO 2 Leader and member of health care team	PO 3 communicator	PO 4 Lifelong learner	PO 5 Professional	PO 6 Critical thinker	PO 7 Researcher
CO-1: Define Puberty and explain physiological changes during puberty.	3	2	2	1	1	0	1
CO-2: Define menstruation and describe the physiology of menstrual cycle & menstrual abnormalities.	3	1	1	2	2	2	1
CO-3: Define fertilization. Describe in detail the development of fetus.	3	1	1	2	1	1	1
CO-4: Explain physiological changes during pregnancy.	3	2	2	1	2	1	1
CO-5: Define multiple gestation and describe its complications.	3	2	2	2	2	1	1
CO-6: Describe complications of PIH and Pre eclampsia	3	2	1	2	2	1	1
CO-7: Define normal labour and explain in detail the physiology of normal labour.	3	2	1	2	1	1	1
CO-8: Describe in detail the events in three stages of labour.	3	2	1	2	1	1	1
CO-9: Enumerate intrapartum and postpartum complications and its management	3	2	2	2	3	2	2
CO-10 Define cesarean section and enumerates its types describe complication of CS and measures to reduce cesarean birth	3	2	1	3	2	2	2
CO-11: Define puerperium and its complications	3	2	1	3	2	2	2

CO-12: Describe different postnatal contraceptive methods and its complications	3	2	2	2	2	2	2
CO-13: Define sterilisation. Describe in detail female sterilisation, its method and complications	3	2	2	2	3	2	2
CO-14: Describe in detail different methods of contraception and its complications	3	2	2	2	2	1	1
CO-15: Describe the supports of uterus	3	1	1	1	2	2	2
CO-16: Define uterine prolapse. Enumerate the classification and causes of prolapse	3	1	1	1	2	2	2
CO-17: Discuss in detail management of prolapse	3	1	1	1	2	2	2
CO-18: Describe in detail cystocele, rectocele and enterocele	3	1	1	1	2	2	2
CO-19: Describe signs and symptoms of fibroid and its management	3	2	2	1	2	2	2
CO-20: Describe the degenerative changes in fibroid and discuss management of pregnancy with fibroid.	3	2	2	1	2	2	2
CO-21: Define menopause. Discuss anatomical and physiological changes during menopause	3	2	2	1	2	1	1
CO-22: Describe signs and symptoms of menopause and its complications	3	2	2	1	2	1	1
CO-23: Discuss in detail management of menopause	3	2	2	1	2	1	1
CO-24: Define PID and discuss its etiology	3	2	2	2	2	2	2
CO-25: Discuss then signs and symptoms of PID and its management	3	2	2	2	2	2	2
